PROFESSIONAL SUMMARY

Self-taught Frontend Web Developer with 1+ year of hands-on experience delivering responsive, high-performance web applications for real clients. Proficient in React.js, Tailwind CSS, Node.js, and Express.js — with a sharp eye for UI/UX design and clean, scalable code. Proven ability to manage full project lifecycles independently, from requirements gathering to deployment. Driven by a passion for building digital experiences that look great and work even better.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS

Backend: Node.js, Express.js, REST APIs

UI / UX: Figma, Responsive Design, Wireframing, Prototyping

Tools: Git, GitHub, VS Code, Vercel, npm

WORK EXPERIENCE

Freelance Frontend Developer | Self-Employed, Remote | 2023 – Present

- Designed and developed responsive websites for multiple clients using React.js, Tailwind CSS, and Node.js.
- Collaborated directly with clients to gather requirements and deliver pixel-perfect UI designs.
- Built and deployed full-stack web applications with clean, maintainable, and scalable code.
- Applied UI/UX best practices to improve usability, engagement, and overall site performance.
- Managed end-to-end project lifecycle independently, ensuring on-time delivery for all clients.

PROJECTS

Personal Portfolio Website [↗ Live](#)

React.js · Tailwind CSS · GitHub Pages · Vercel

- Built a fully responsive personal portfolio showcasing skills, live projects, and contact details.
- Deployed on GitHub Pages & Vercel with optimised load times, smooth CSS animations, and mobile-first design.
- Designed custom UI components to reflect personal brand identity and developer profile.

Get Fit N Fine – Gym Website [↗ Live](#)

React.js · Tailwind CSS · Vercel

- Developed a modern, fully responsive gym landing page for a Haryana-based fitness centre.
- Implemented engaging hero sections, animated service cards, membership plans, and a contact form.
- Optimised performance and SEO to improve local discoverability and user engagement.
- Deployed on Vercel with CI/CD pipeline for seamless updates.

Eco-Friendly Web Application [↗ Live](#)

React.js · Tailwind CSS · Node.js · Vercel

- Built an eco-awareness web application promoting sustainable living and green practices.
- Developed interactive UI components featuring environmental content, tips, and resource sections.
- Ensured cross-browser compatibility and mobile-first responsive layouts throughout the app.
- Deployed and maintained on Vercel with optimised bundle size for fast page loads.

Analyst Dashboard [↗ Live](#)

React.js · Tailwind CSS · Chart.js / Recharts · Vercel

- Designed and built a fully interactive data analytics dashboard with real-time chart visualisations.
- Implemented dynamic graphs, KPI cards, and filterable data tables to surface business insights.
- Focused on clean UI/UX with intuitive navigation, dark/light mode support, and responsive layouts.
- Integrated REST API data sources to populate live charts and metrics across the dashboard.

Client Web Application (Freelance)

React.js · Node.js · Express.js · Tailwind CSS

- Developed a complete web application with custom UI components and REST API integration.
- Ensured cross-browser compatibility and responsive layout across all device sizes.
- Collaborated closely with the client through iterative feedback cycles for pixel-perfect delivery.

EDUCATION

Secondary Education (10th Grade) — Currently Enrolled | 2024 – Present

Sector 37, Noida, G.B. Nagar, Uttar Pradesh

- Actively pursuing web development skills through self-learning, freelance projects, and hands-on practice alongside formal schooling.
